Read

District Fund Administration Report of the Bangalore District for the year 1919-20 received with the District Board President's letter No. C. Per. 22 L. F. dated 30th September 1920.

* * * * *

Constitution of Local Boards.

There was no change in the number of Local Boards in the District during the year. The District Board was reconstituted during the year under the new L. B. & V. P's Regulation of 1918. The Economic development work in the District which was hitherto attended to by ~~being a different body konwn as the~~ District committee" was transferred to the District Board during the year.

Non-official Presidents & Vice Presidents.

The District Board continued to be presided over by the D. C. of the district The Dt. Bd. and all the Taluk Boards in the District took advantage of the privilege accorded to them of electing their own non-official Vice Presidents.

Meetings and attendance.

The District Board held the prescribed number of meetings viz 4 and the average attendance of official and non-official members was 5.8 and 30.0 respectively. All the Taluk Boards held the prescribed number of meetings and the average attendance of official

of official and non-official members was 2.8 and 7.8 respectively.

Village Panchayats.

Village Panchayats have been constituted for 100 village in the District and Chairmen and members have been appointed for all except one. These serve a population of about 97,000 persons. The collections (chiefly under the house tax and cattle pounds) amounted to Rs16,714 and they spent in all Rs10,585 on public works, Conservancy, Sanitation etc.

~~Conservancy and Sanitation works~~

The collection work was very unsatisfactory in all the Panchayat areas and heavy arrears have been allowed to accumulate. It is hoped that with the starting funds allotted to them by the District Board every panchayat in the District will evince greater interest in the discharge of its duties and show better progress in future.

Finance.

There was a nominal decrease of Rs. 51,907 in the ordinary income of the Board this year as the income of the Board during the previous year had been swelled by the credit to it of the local cess realised on the Excise Revenue of the previous years. But there was an increase of Rs. 13,944 in the ordinary expenditure, chiefly due to the larger outlay on P.W. under the control of the Civil Dept. and to the grant of grain and war allowances to all the employees of the Dt. Bd. Out of the

total demand of Rs. 69,617 under-house tax including mohatarfa, a sum of Rs. 43,894 or 63% of the total demand was collected, leaving a balance of Rs. 25,723 of which Rs. 23,109 was to be recovered in the Village Panchayats. Collection work in the non-panchayat areas in the District is fairly satisfactory. The year closed with a balance of Rs. 3,38,928.

Condition of roads.

The average cost of maintenance of D. F. Boards roads under the control of the P.W.D. in the district amounted to Rs. ~~123-6-0~~ 123.6 per mile as against Rs. 123.5 in the previous year. During the year 199 miles of existing village roads were improved, while 32 miles of new roads were opened in the District. All the roads in the District are reported to have been kept in a fairly trafficable order. The grant of a moiety of the cost of maintenance of village roads from State funds sanctioned under G.O.No. 729-39 L.B. 19-20-1 dated 16th July 1920 ought to result in perceptible improvement in the condition of all such roads.

Lapses.

It is satisfactory to note that the percentage of lapses both under A. P.W. and B. P.W. fall from 25 and 67 to 14 and 23 percent of the budget grants respectively during the year. The lapses under "B. P.W. are reported to be due to want of definite programme as regards the selection of works ~~unequal distribution of expenditure~~ and undue delay in the execution of works.

On the part of the taluk Boards in the district. The President of the district Board is requested to take needful steps to rectify the defects noted.

Rural water supply.

The total outlay on well works during the year amounted to Rs. 12,947 exclusive of the ryots "share of Rs. 2533 against Rs. 8437 and 3212 respectively in the previous year. The outlay incurred on well works since the formation of the fund up to the end of the year under review was Rs. 59142 and the unspent balance at the credit of the fund at the end of the year was Rs. 36,303. The progress continues to be slow inspite of the facilities afforded from time to time in order to ensure the rapid progress of well works in the State. It should be possible to show better progress in the direction in future.

Public Health and Sanitation.

The Public Health of the District during the year is reported on the whole to be satisfactory, the number of births and deaths being 9576 and 8302 against 9833 and 32195. The mortality from ~~It is seen from the report that plague and cholera~~ Plague was as high as 1032 while that of cholera was 171 ~~chiefly contributed to the mortality~~.

The number of Ayurvedic dispensaries subsidised by the District Board in the District was nine and the number of patients treated therein was 33986 against 27617 in the previous year. They all continued to be popular. There was a fall in the number of vaccinations performed during

the year, especially in the taluks of Bangalore, Devanahalli, Magadi, Channapatna and Kankanhalli. This ~~is not satisfactory~~ requires explanation from the District Board.

The working of the District Board continued on the whole to be satisfactory.

Rev. Secy. to Govt.
